

**The color palette**– a study project  
by **Sonalika Agarwal**

**Translating Manav Gupta's art to my apparel/textile/home furnishing design**

**Reference note**

Study and research into the color palette of **Manav Gupta**, one of India's eminent contemporary artists who is rated by Financial Times as one of the top ten young artist's of the country.

I believe fashion is a manifestation of art.  
As Manav Gupta says **"A drape of colours on form that celebrates Life"**.

I chose Manav Gupta as my reference inspiration because he has the most vivid and sensitive colour palette with which he weaves his magical strokes of several shades in the most unique manner that capture Nature in its pristine form.

I am inspired to understand the handling of colour from this eminent artist.  
**Specifically, how he draws his inspiration and captures Nature's colour palette on his canvas.**  
I have developed my portfolio based on seasons and moods of Nature translating Manav Gupta's art on my design of apparel and home furnishings.
